RACE GUIDE

About myBCA Jakarta Running Festival 2026

myBCA Jakarta Running Festival (JRF) 2026 returns from 22–25 October, with races taking place on Saturday, 24 October and Sunday, 25 October, bringing together 37,000 runners and a city that shows up for running.

Created by Kelompok Lari Anak Bangsa (KLAB), JRF brings world-class racing together with the energy, culture, and community of Jakarta. In 2026, the **myBCA Jakarta Half Marathon becomes Indonesia's first World Athletics Road Race Gold Label event**, while the **HYDROPLUS Marathon** carries the World Athletics Road Race Label, two important milestones for JRF and for the growth of road running in Indonesia.

But JRF has always been about more than the distance between the start and finish lines.

Across race weekend, runners, communities, spectators, local brands, partners, and the people of Jakarta come together to turn the city into a celebration of running.

This year, our invitation is simple:

SHOW UP.

For the start line.

For each other.

For Jakarta.

Because this is a city that runs — and a festival that celebrates every step we take together.

Pramono Anung

Governor, DKI Jakarta

Jakarta is proud to welcome runners from across Indonesia and around the world to the myBCA Jakarta Running Festival (JRF) 2026.

More than a running event, JRF is a celebration of the energy, diversity, and togetherness that define our city. It reflects our ambition to make Jakarta a healthier, more inclusive, and globally connected city.

The Jakarta Provincial Government is committed to supporting a safe, enjoyable, and memorable race experience for every participant. Through close coordination with event organizers and relevant agencies, we strive to ensure that runners, spectators, and residents can share in the excitement of this special occasion.

We also recognize that an event of this scale requires temporary traffic adjustments. I sincerely thank the people of Jakarta for their patience, understanding, and continued support.

But if you are in Jakarta, don't just find another way around the race.

Come and be part of it.

Stand along the course. Cheer for the runners. Celebrate their determination and the spirit of our city.

For our visitors, I encourage you to discover Jakarta beyond the race course. Experience our diverse culinary traditions, vibrant neighborhoods, rich cultural heritage, and the warmth of our people.

As Jakarta approaches its 500th anniversary in 2027, events like JRF remind us of the kind of city we are building together: dynamic, welcoming, inclusive, and ready to embrace the world.

To every runner, supporter, volunteer, and visitor: welcome to Jakarta.

Let us show the world that Jakarta is not only a great city to run in, but also a great city to experience.

Luhut Binsar Pandjaitan

Chairman, PASI,
(Persatuan Atletik Seluruh Indonesia)

On behalf of the Indonesia Athletics Federation (PASI), I am pleased to welcome all participants to the myBCA Jakarta Running Festival 2026.

This year marks an important milestone for Indonesian road running, with the myBCA Jakarta Half Marathon becoming Indonesia's first World Athletics Road Race Gold Label event, alongside the World Athletics Road Race Label held by the HYDROPLUS Marathon.

These achievements are not only recognition for the event. They also demonstrate what is possible when organizers, athletes, government, partners, and the running community work together to raise the standard of our sport.

Strong races at home create stronger opportunities for Indonesian athletes, to compete against world-class fields, gain valuable experience, and continue developing towards the highest level of competition.

I hope JRF continues to inspire a new generation of athletes while strengthening Indonesia's place in the international running community.

To every runner taking the start line: race with pride, respect the competition, and enjoy the journey.

Dickie Widjaja

CEO, Kelompok Lari Anak Bangsa

Welcome to the myBCA Jakarta Running Festival 2026.

Every year, we ask ourselves how JRF can become better. Not simply bigger, but better for the runners, the city, and everyone who chooses to be part of it.

This year, 37,000 runners will take to the streets of Jakarta. Behind that number are thousands of individual journeys: early mornings, difficult sessions, sacrifices, doubts, and countless decisions to keep going.

That is what this year's message, SHOW UP, means to us.

Showing up does not mean everything has gone perfectly. It means choosing to take another step anyway. For yourself, for the people beside you, and for the city that welcomes you.

As JRF continues to grow in international sporting standards, we remain equally committed to what has always made this festival special: the energy of Jakarta, the strength of its communities, and the people who fill the streets with support.

Thank you for trusting us with your race.

Now it is time to enjoy everything you have worked for.

SHOW UP.

Baggage Drop

**Istora Gelora

Important Note ⓘ

The Baggage Drop area is located approximately 300 metres from the Runners' Entrance, or around a 5-minute walk.

Recommended Arrival Time

Plan to arrive **at least 1 hour and 15 minutes before** your race start time (flag-off) to allow enough time for all pre-race preparations.

Give Yourself Enough Time For

▪ Baggage Drop

Queues may build up closer to race start, so allow extra time to drop off your belongings and make your way to the starting area comfortably.

▪ Toilet Facilities

With a high number of participants arriving at the same time, toilet facilities may get busy. Arriving early will help you avoid rushing before the race.

▪ Prayer Room

Prayer facilities will be available for runners who need them before the race. Marathon runners will also have access to a prayer room along the race course.

▪ Starting Corral

Make sure you know your assigned corral and follow the directional signage and instructions from official marshals. Arriving early will give you enough time to enter the correct corral and get settled before the start.

WBGT FLAG PROTOCOL

Know the Flags. Run Safe.

WBGT (Wet Bulb Globe Temperature)

Measures environmental heat stress by considering temperature, humidity, radiant heat, and air movement. During the race, myBCA JRF monitors WBGT conditions to help ensure runners' safety.

KNOW YOUR FLAGS

GREEN — LOW RISK | Below 22.3°C

Low heat risk. Stay aware of your physical condition.

YELLOW — MODERATE RISK | 22.3°C–below 25.7°C

Heat risk is increasing. Stay alert and monitor your condition.

ORANGE — HIGH RISK | 25.7°C–below 27.9°C

High heat risk. Take extra precautions and watch for signs of heat stress.

RED — VERY HIGH RISK | 27.9°C–below 32.3°C

Very high heat risk. Follow officials' instructions and prioritize your safety.

BLACK — EXTREME | $\geq 32.3^{\circ}\text{C}$

Extreme heat risk. The race will be stopped under the Black Flag Protocol.

WHERE TO FIND THE FLAGS

WBGT flags will be displayed at designated medical tents along the Half Marathon and Marathon courses. Flag colors will be updated according to the latest WBGT readings.

Half Marathon

KM 12.5 | **KM 14.8** | **KM 16.5** | **KM 18** | **KM 19.5**

Marathon

KM 20 | **KM 26** | **KM 30** | **KM 36** | **KM 40.5**

IF THE BLACK FLAG IS RAISED

Before the Final COP

Runners who have not reached the final COP will be evacuated by bus.

After the Final COP

Runners who have passed the final COP will be directed to the finish line via the shortest designated route.

Final COP Locations

Half Marathon
COP 2 — KM 15.5

Marathon
COP 4 — KM 36.8
